## education

- 2019 **Codecademy Pro, Web Development +**  
Exploring new areas of knowledge and upgrading old skills on Codecademy's Web Development path, including JavaScript, JQuery, React and more.
- 2009 **Humber College, Graphic Design**  
Three year graphic design program, covering advanced graphic design, advertising, marketing and web development; graduated with Honors in 2009.
- 2005 **Centre For Distance Education, Digital Imaging**  
Guided, online course covering digital and vector graphics programs.

## experience

- 2009 **Freelance, Graphic Designer / Web Designer**  
- Present Working for myself, with the majority of projects focused on logo design, branding, web and promotional materials.
- 2011 **Greetings From Space, Writer / Illustrator**  
- Present My web-comic side project, beginning in early 2011 and revived in 2019. The writing, comics and website are all original works.
- 2013 **South Paw Canada, Graphic Designer**  
South Paw specializes in promotional, printed and embroidered apparel as well as branded merchandise. I did the artwork, and prepared the film-positives for silk-screen printing.
- 2009 **Parcel Design, Graphic Designer**  
- 2011 One of Toronto's most highly regarded graphic design studios, specializing in (but not limited to) branding and corporate identity work.

2009 **Concrete, Graphic Design Intern**

Here, I got to dip my toe in the water and experience the workflow of one of the world's premiere graphic design agencies.

2008 **Humber College, Print Room Monitor**

- 2009 As print room monitor, I was responsible for ensuring the accurate and professional quality printing of my fellow graphic design students' important projects.
